### School Security

## Center School Security Public Meeting

ORR School Superintendent Dr. William R.

Cooper, Ed.D., announced there will be a public meeting for parents and other Mattapoisett residents to discuss plans for security at the newly renovated Center School in Mattapoisett on Thursday, September 16 at 7:00 pm at the school. The meeting will address the efforts being made to make sure that the building is safe from intruders at all times, but particularly during school hours.

In addition to housing Pre-Kindergarten to Grade 3 students and staff this fall, the large new facility will also be home to the Mattapoisett Senior Center on week-days. The town nurse will use the senior center (two unassigned classrooms in the southeast corner of the first floor that are not contiguous with assigned student classrooms) two days per week. The added adult usage of the facility requires a security protocol, and one has been developed with the assistance of school officials, the police and fire chiefs of Mattapoisett, and a number of town officials.

The September 16 security meeting will be held in the Center School cafeteria beginning at 7:00 pm and all are welcome.

considered setting up a police department the article was defeated. New Englanders find it hard to make changes and February 1925 was no exception. Through the efforts of Lester W. Jenney, who was appointed by the Selectmen to investigate adopting Section 97 of Chapter 41 of the Massachusetts General Laws (MGL) to create a police department, a second article was favorably passed in April 1926 at a Special Town Meeting. With a budget of \$2,300, a police chief and three special policemen were appointed, with two constables elected, as had been done since the town separated from Rochester. The chief was given the use of an automobile.

Mr. Jenney wrote a letter to the Selectmen in which he vigorously criticized the town voters in defeating the article, saying, in part, "By a few votes the town has decided against the plan, the matter being unfortunately confused by personalities. I feel the good name of the town demands a police department, and that in the long run it will prove no more expense than the haphazard practices of the past."

William H. Cotter was appointed the first police chief on April 31, 1926 (yes, it was printed in the town report "April 31") with an office in the rear of Town Hall. The department became motorized in 1932 with the purchase of an Indian motorcycle at a cost of \$340.40. A jail was built in the early years at a cost of \$135, furnished with a mattress and stove. Henry Porter was keeper of the jail and fines of \$5 were collected.

Keeping up with technology, the police department, under the current leadership of Chief Mary R. Lyons, hasn't lost its personal touch with the community. Chief Lyons admitted to loving Mattapoisett and especially its people.

The personal touch includes such programs as the successful Senior Reassurance program started in 1986. Now serving about 30 seniors, the program keeps in touch with seniors who wish to be called each day to check on them. The chief urged those who wish to be included in the program to call 508-758-4141 to put their names on the list or call for more information.

Although the federal grant for the DARE Program is no longer funded, there is an officer who works in

liaison with the schools to maintain a safe environment; all officers are CPR and EMT certified, with some qualified as Paramedics; a mobile video recording camera obtained in 1995 with state highway safety program funds, and bullet-proof vests, also from grant money in 2001, are supplied for each officer. A computer system was paid for by "the bad guys" under the federal forfeiture drug money program and did not cost the taxpayers a penny.

After being in its original headquarters since 1926 (over 60 years), the new police station on Route 6 was ready in 1989, as the most modern, state-of-the-art police station in southeastern Massachusetts.

The initiation of the E-911 telephone computer system was in 1994 which allows the officer on duty to identify where an emergency call is coming from. This saves time where there is a duplication of street names or if a person is unable to identify their location. "This program is very beneficial for the caller and the department," Chief Lyons said.

The Mattapoissett Police Department has, each year since 1992, received a Pedestrian Safety Citation from AAA for "having no pedestrian fatalities and for its efforts to educate and protect the citizens of your community," the chief said.

The police department presently has six marked and two unmarked vehicles. There are 18 officers; 16 patrolmen; one plain clothes detective; and Chief Lyons. This is quite an improvement since 1926 and, as Lester

The present ambulance has been in operation since 1996 and has needed many repairs due to its constant use, said Chief Lyons.

An article will be considered at the October Special Town Meeting to purchase a 2004 Ford ambulance. The chief explained: "it is our goal not to need funds from taxation. Hopefully, donations and reimbursements from insurance companies will be used to pay for the ambulance."

In my opinion, this is what I consider caring for

"This presents an interesting question: do we wish to go in concept with a full-time Building Commissioner?" Chairman Pierce asked. "Needless to say, we are saddened at losing (Mr. Moore) ... he has served the town well."

The board moved to send Mr. Moore a letter of appreciation for his past service to the Town of Marion.

• Notice from the ORR School Superintendent's Office of a meeting to be held on Thursday, September 23 at 4:30 pm with Roger Hatch, School Finance Administrator for the Massachusetts Department of Education, to discuss the formula for aid and assessment for regional schools.

At 7:15 pm the board opened a Dog Restraint Hearing with Police Chief Lincoln Miller, Animal Control Officer (ACO) Susan Connor, resident Lisa J. Novakoff, and dog owner Melanie Rider. Chief Miller requested that a pit bull owned by Ms. Rider of 15 Holly Lane be restrained after it chased and nearly attacked both Ms. Novakoff and ACO Conner on August 8.

According to Ms. Connor, when she arrived at the scene on August 8, she went to go speak to the dog owner after Ms. Novakoff reported the attack. "I had just stepped off the landing of the deck and the dog in question came running at me, growling and barking, to the point where I called for Officer Lamoureux to come down quickly because I was not sure how he was going to react," she said. "I discussed with (the owner) what had happened. I explained to her that he was very menacing. I stated to Ms. Rider that she needed to keep the dog restrained at all times."

"I'm aware of people's fears (of pit bulls)," Ms. Rider said. "My dog and I have been living here for two and a half years. I've never had a problem up until now. I always have and always will keep the dog restrained. I

With that, the board unanimously voted to issue a restraining order for the dog as requested by Chief Miller, adding that if the dog is found to be loose again, the owner may face a fine or be forced to get rid of the offending animal.

At 7:30 pm the board met with members of the Finance Committee (FinCom) to review the town's Capital Plan and look at a forecast for Fiscal Year 2006.

According to FinCom Chairman Priscilla Ditchfield, the town's estimated debt for all pending capital projects in 2006 is \$2.1 million. Projecting these numbers out to 2015, the total debt rises to about \$2.6

million.

"The good news is this is down almost \$500,000," Ms. Ditchfield said, adding these numbers don't take into account potential library renovations; water projects beyond 2015; expenses for the bike path expansion; major upgrades to the town's computer network; or an estimated \$600,000 ladder truck for the Fire Department.

"I think we're getting a double hit in the sense that we've had fairly rapid growth," Selectman Jeffrey said. "I would think that while we're always going to have capital projects, there's got to be some relief down the road."

As for the town's financial picture going into FY2006, Ms. Ditchfield said it doesn't look promising. Given the tax levy limit is \$345,000 and that local receipts are likely to be up 2.4 percent, the town's Free Cash is down \$400,000 from last year and state aid is only expected to be a marginal \$23,000 up from last year. In short, town departments and schools will likely only get a maximum two percent bump over the current fiscal year.

"We used \$460,000 of Free Cash to balance the budget last year," Ms. Ditchfield said. "If state aid doesn't change and local receipts aren't higher, we're looking at a pretty rough year."

"(Free Cash) is a cushion," added FinCom member A. Lee Hayes. "For a couple of years we've been squeezing this cushion. Going into a year with a two percent number ... and no Free Cash cushion really gets dicey — especially when you've got union contracts (to consider)."

"This is probably the earliest we've ever gotten this type of (in-depth) information, and I appreciate the FinCom's work," Selectman Jeffrey said.

At 8:13 pm the board met with Chris LeBlanc of East Coast Engineering for an update on the pending landfill closure. Ms. LeBlanc noted that although the town

had contracted with the Cashman Company earlier this year to bring in 280,000 yards of construction soil to be used to offset the costs of closing and capping the landfill, the market value of soil in the Greater Boston area has dropped significantly to a point where it is no longer cost-effective to truck the material down to Marion.

"The Massachusetts Department of Environmental Protection (DEP) was concerned about the volume of soil coming into the landfill which would increase the size of the site ... from 10 acres to 12 acres," Ms. LeBlanc said. "Where we stand now is, Cashman said they can't do it with soils only, so they have proposed to bring in other types of material in addition to soil (including) dredge spoil sediment and (construction debris). We now have to consider these other alternatives."

"The dredge spoils we are talking about are not from Fall River or New Bedford, not harbors which are contaminated with PCBs or anything," Mr. Dolan cautioned. "In the meantime, I think it makes all the sense in the world to have the Landfill (Study) Committee look at the (revised) proposal."

With that, the board voted to reconvene and reappoint the members of the Landfill Study Committee to look into accepting this additional material at the landfill.

In other matters, the board:

- Agreed to meet jointly as the Personnel Board with the members of the FinCom to consider the possibil-

ity of funding a full-time Building Commissioner position in the wake of William Moore's pending resignation. They will do so on Thursday, September 9 at 7:00 pm in the Marion Town House.

- Discussed a memo from Police Chief Lincoln Miller requesting that they declare a "No Parking" area for the entire even-numbered (west) side of Park Street, opposite the Town Hall baseball field, due to safety concerns in bus traffic coming in and out of Sippican School.

"Since the construction was completed at Sippican School, we've noticed Park Street on a number of occasions can become quite congested on both sides," Chief Miller said. "My proposal is to limit parking to one side only — that is the ball park side."

"Does it make sense to limit it to weekdays?" asked Selectman Jeffrey, suggesting that the ban would infringe on weekend parking in the village area.

"As long as it's during the regular school day when buses are going in and out," Chief Miller said.

With that, the board unanimously voted to

### **SUMMER HEAT**

*What can I do to make my dog more comfortable in the hot weather?*

Leave your dog at home when you do errands. If you must take him in the car, leave the air conditioning on or the windows open, especially if you need to park. A closed car gets very hot, very fast. Always have plenty of fresh cool water available. Walk your dog early in the morning or later in the evening when it is cooler.

*Are certain breeds more susceptible to heat induced problems?*

Yes. Dogs with short noses like bulldogs, pugs, Boston Terrier and Lhaso Apso's. These dogs have trouble breathing under the best of circumstances. When it is hot and they pant to cool themselves, they may experience swelling in their throats, making breathing even more difficult.

*How can I help my dog when it is hot and he is panting hard?*

Help him cool himself. Put him in an air conditioned room, wet him down and blow a fan over him, or let him chew ice cubes.

August 23, 2004 Regular and Executive Session meetings, then signed and approved payment of an invoice for Town Counsels Perry, Hicks, Crotty and Deshaies, LLP, in the amount of \$11,757.06 for legal services rendered. Resident Antonio Sol questioned a breakdown of what the legal services were, and Chairman Laboa said the bulk of the cost was incurred by ongoing Knight and Look Campground legal issues and pending litigation over the Sol Brothers, Inc. piggery farm.

The board also signed a Personnel Action Form (PAF) for Randall Kunz to increase his hours as "Soil Board Administrator" by three hours per week as per previous Town Meeting approval and also approved a PAF for Jane Ellis to be hired as the Board of Health (BOH) Secretary.

Mr. Sol questioned how Ms. Ellis had been hired, since the Board of Health only met once last month.

"(Regional Sanitarian Karen Walega) already approved the hiring of an assistant," Chairman Laboa said. "(Ms. Walega) is a department head and has permission to hire individuals (as needed)."

The board also signed and approved the sole ballot question for the Wednesday, October 6 Special Election to approve the town's purchase of the Knight and Look Campground property at a price of \$1.1 million. Polls will be open 8:00 am to 8:00 pm on that day at the Rochester Senior Center on Dexter Lane. Chairman Laboa also noted a public meeting will be held on Wednesday, September 8 at 7:00 pm in the Conference Room of the Rochester Town Hall to discuss the Knight and Look Campground property with residents and town officials.

On a related matter, Town Clerk Naida Parker noted the town has been informed they are no longer in compliance with state regulations under the Americans with Disabilities Act (ADA) for voting poll parking requirements at the Rochester Senior Center, even though

the facility was considered "in compliance" when first built, according to Mr. Huntoon.

"I would not be concerned, except they are going to be releasing the information to the press," Ms. Parker said.

Mr. Huntoon mused that if they cannot continue using the Senior Center as a polling place, then there would be no elections in Rochester this year.

Under the Town Administrator's report, Mr. Huntoon said the "public information hearing" on the Knight and Look Campground which has been scheduled for Wednesday, September 8 is not really a "public hearing," since it is not required. But this will be an open forum to get public input on the potential purchase. "The purpose is to get everybody together to see of the possible uses for the property," Chairman Laboa agreed.

Under incoming correspondence, the board received:

- A letter from Council on Aging (COA) President Jill Bodeau asking about the commercial lease of property next to the Rochester Senior Center on Dexter Lane. "We would like to know more about the nature of the business

that will be conducted there and what type of traffic will be generated," Ms. Bodeau wrote. "We have many seniors coming to the Senior Center and are worried about possible trucks speeding in and out of the land next to the center."

• Letter from Animal Advocates Director Vivian Gela of North Dartmouth commending the work of Rochester Animal Control Officer (ACO) Alex Wheeler. "Alex Wheeler has been working with Animal Advocates' low-cost spay/neuter clinic for cats and dogs in an effort to reduce the health problems, disease and stray cat overpopulation issue through spaying and neutering that Rochester and many other towns are experiencing," Ms. Gela wrote. "Alex is professional, well-informed of animal issues, and it is an outstanding experience working with him in this project to help solve the problem of pet overpopulation in Rochester."

At 7:30 pm the board met with Planning Board Chairman Arnold Johnson who presented them with a revised and updated "Special Residential Development" By-Law proposal which they would like to place on the October 4 Special Town Meeting warrant. Chairman Laboa said it had been the Board of Selectmen's intention to keep the October 4 Special Town Meeting limited to a single-issue warrant — that being the purchase of the Knight and Look Campground property, which will likely need substantial time for discussion and debate.

"We're not anticipating any further by-law changes until the spring," Mr. Johnson said. "We've been

working diligently on this ... it could affect the (Knight and Look Campground) property. Right now, everything that's being inspected is costing the town \$125 an hour because it's all going through attorneys. This will protect the town."

Mr. Johnson said the new by-law, if approved, would allow the Planning Board, acting as Special Permit Granting Authority, to grant a Special Permit for the construction of a Special Residential Development (SRD) and accessory structures in the Agricultural/Residential District. It would also, in turn, take some of the burden off the Zoning Board of Appeals (ZBA) and put it with the Planning Board.

With that, the board unanimously voted to place the proposed by-law amendment on the October 4 Special Town Meeting warrant as requested.

Under New Business, Mr. Huntoon noted Antonio Sol of Sol Brothers, Inc. was present and had submitted a written request to meet with the board in Executive Session as to his "freedom of rights" relative to a recent Board of Health meeting about his pig farm. Chairman Laboa denied Mr. Sol's request to meet in Executive Session since there was still pending litigation in the matter and it would be "appropriate" at this time.

Mr. Sol maintained there was no pending litigation between Sol Brothers, Inc. and the Town of Rochester.

"There's pending litigation (and) a court order," Mr. Huntoon said. "There's an October 13 court hearing scheduled."

Mr. Sol then questioned why a closed meeting to which he was not allowed to attend was held with Town Counsels and various town officials — including Selectman Richard Nunes, Board of Health Chairman John Lafreniere and Mr. Huntoon — to discuss his "livelihood."

"I attended the meeting ... because the Selectmen are concerned about the legal fees they are paying out," Mr. Huntoon said. "I wanted to know what was going on. (The Massachusetts Department of Agriculture has) asked us to forstay any continuing litigation against Sol Brothers, Inc. (because) they are interested in keeping farms open."

"I've been farming for 60 years," Mr. Sol said.

"And there's never been a problem. I have what they call a piggery site assignment. This is my livelihood."

"This is a (Board of Health) issue," Chairman Laboa said. "If you have a complaint about the (Board of Health), put in writing what they've done wrong. This is a pending legal matter between you and the Board of Health (and) I'm not going to discuss or debate it any further."

At 7:50 pm the board met with former Selectman Richard Cutler to discuss his status as the board's representative to the EmPOWERment group, a group which was established some eight years ago with seven local towns to collectively seek out better and more cost-efficient sources for electrical power.

"We've been working for the past eight years and we've been running into one roadblock after another," Mr. Cutler said. "The state is getting a little panicky about this ... (so) we voted last Thursday to take a different direction. The first recommendation is that the towns' take up MunEnergy's offer to provide power for municipal buildings, but not residents. Right now we think the towns should sign up for a one-year contract."

Given the lack of participation in the volunteer effort and the stumbling blocks foisted upon them by the state, Mr. Cutler said they are trying hard to keep EmPOWERment together, although its days may be numbered. For now, however, they have voted to keep meeting and maintain the current roster of officers. For those interested, their next meeting will be held on September 16 at the Fairhaven Town Hall.

"This is a great example of the state taking something that works and messing it up," Mr. Cutler said.

The board noted there would be no Selectmen's meeting on Monday, September 6 due to the Labor Day Holiday but they would be meeting on both Tuesday, September 7 at 7:00 pm for a regular meeting along with

Mattapoisett School Department is approximately \$214,000 short of its projected expenses.

This comes on top of the money returned to the government because it went unused, and the shortfall for the Center School for which \$200,000 was taken from the town's Stabilization Fund. Come on! This is getting to be a repeat performance on stage. *The hook is needed.*

Selectman Steve Lombard added his displeasure at the Board of Selectmen's meeting when the matter was presented by (ORR) School Superintendent Dr. William Cooper. Mr. Lombard mentioned the school system coming before Town Meeting to request the \$259,000 override to open Center School. In his election campaign, Mr. Lombard indicated that he would not support overrides. Wise man!

What kind of planning are we getting from the School Department when these shortfalls keep occurring? Are there reductions in certain areas that can be made without sacrificing education? The taxpayers have their backs against the proverbial wall at this point. Something has to give. However, there seems to be no protest.

Sincerely,  
**Michael Couture**

Each program will last about 20 minutes with time for parents and children to enjoy one another's company and the library's resources afterwards. The series will be held Thursday mornings at 11:00 am from October 7 through October 28 and pre-registration is required (508-748-1252).

### Mattapoissett Ticket Campaign

The Mattapoissett Police Department, in conjunction with the Governor's Highway Safety Bureau, will be adding extra traffic enforcement getting more people to buckle up with the "Click It or Ticket Campaign." The low use of seat belts is a major factor in fatalities and injuries associated with motor vehicle crashes in Massachusetts. Safety belts reduce the risk of death or serious injury in a motor vehicle by up to 50 percent. The goal of this campaign is to increase the safety belt use rate in Massachusetts to 65 percent by 2004. Currently, the state's safety belt use rate is 62 percent as compared to the national rate of 79 percent. Remember: Click It or Ticket.

Campaign Committee is planning a fundraiser to be held in a lovely waterfront home on Allen's Point Road looking out on Sippican Harbor in Marion. The event will be held on Saturday, September 18 from 5:00 to 7:00 pm, and tickets to the event are \$25 per person and will include ample appetizers provided by Harriet's Outback Catering and the Encore Café. Liberty Liquors of Buzzards Bay will donate the wine tasting. Truman Terrill will play the grand piano to enhance the ambiance of an evening on the water.

The "Preserving Marion's Traditions" Capital Campaign has been raising funds to restore the bell tower of the First Congregational Church of Marion, a Marion landmark, whose tower is in a serious state of disrepair and totally endangers the structure of the church. The First Congregational Church of Marion has filed nomination papers with the Massachusetts Historical Commission to be placed in the National Registry of Historic Places, along with filings for the Congregational Chapel and Minister's Rock on Oakdale Avenue in Marion. These properties plus Bird Island Light will give Marion four properties in the National Registry of Historic Places.

The campaign committee held a Kick-Off Dinner at Tabor Academy in March, and many generous donations have been made thus far. However, the Capital Campaign goal that is needed to begin work on the bell tower and the church building next spring has not yet been reached.

The church is known for hosting weddings, funerals, and funeral receptions for all people in the area even if they are not members. The "Evening by the Sea" has been planned to thank those who have already donated and to encourage others to do so. ## **Fort Phoenix Encampment**

Two-hundred and twenty-six years ago, during the Revolutionary War, the British attacked the villages on the Acushnet River with about 4,000 troops landed from 36 transport ships. During the raid houses, ships and business places in New Bedford, Acushnet and Fairhaven were ransacked and burned. The fort at Nolscot Point in Fairhaven, now called Fort Phoenix, was destroyed by British troops. It took years for the local waterfront industries to recover from the raid of September 5 and 6, 1778.

On Saturday and Sunday, September 11 and 12, 2004, members of the Fairhaven Village Militia and guests will remember the British attack during a weekend encampment at Fort Phoenix. Men, women and children dressed in period clothing will reenact life in 1778 and talk about the history of the fort. They will also be demonstrating campfire cooking, loading and firing muskets, knife and tomahawk throwing, children's games and more.

The highlight of the weekend will be the firing of the fort's five cannons, scheduled for dusk, about 7:30 pm, on Saturday. When fired after dark, the cannons' plumes of flames and smoke make a spectacular sight.

The Fairhaven Village Militia, which is sponsor-

ing the event along with the Fairhaven Office of Tourism, is made up of about a dozen members who are on duty at Fort Phoenix during the summer to pass along its unique history. Member Charles Cromwell, who commands the group, and Wayne Oliveira were originally members of the Fourth Old Dartmouth Militia group that was started by the late Donald R. Bernard before the nation's Bicentennial. Other members have served as volunteer guides at the fort for the Office of Tourism. The group's treasurer, Ellsworth Sylvaria Jr., is a descendant of Bartholomew West, whose home was burned by the British in 1778. Members range in age from four years to seventy-something.

"We held this event for the first time last year and it was a complete success," said Tourism Director Christopher Richard. "Hundreds of people visited over the course of two days. We taught spectators how to throw a tomahawk and showed them how cooking fires were lighted without matches. Basically, the group is depicting camp living during the Revolutionary War period. There will be regular demonstrations of musket firing, but there will be no large-scale battle re-enactments."

Both the cannon firing and the overnight encampment will be cancelled in the event of rain. Weather-permitting, the militia will be at the fort from 10:00 am Saturday until about 3:00 pm on Sunday.

cordially invite people living in the New Bedford area to join them for their monthly Taizé service of silence, simple chant, meditation, and quiet prayer and reflection. The service will be held in the main sanctuary of the church on Wednesday, September 8, at 8:00 pm and will last 30 to 45 minutes. The church is located at the corner of County and School Streets in downtown New Bedford.

As the school year begins, the prayers offered this month will be for education and for students, teachers, administrators, and all schools and institutions of higher learning, especially the New Bedford, Fairhaven, and Dartmouth public schools; Friends Academy; Tabor Academy; the University of Massachusetts at Dartmouth; Bristol Community College; and the New England School of Law.

Known as Taizé because the service originated in the French monastic community of Taizé, this is an opportunity in the middle of the week to slow down, reconnect with God, and refocus on what is most important to people in their lives.

For more information about this month's service, you may call Grace Episcopal Church at 508-993-0547 or visit its website at [www.gracechurchnb.org](http://www.gracechurchnb.org).

celebrate the strong partnership that exists between the community and UMass.

The fireworks and concert, originally scheduled for July 2, were postponed due to rain, but will now kick off the university's "Breaking New Ground – A Tradition of Innovation" schedule of cultural events marking the 40th anniversary of the merger of New Bedford and Fall River technical colleges into a Dartmouth-based university.

The event will begin at 4:30 pm with a concert featuring "Sounds of Ashe," a UMass Dartmouth faculty-student jazz ensemble under the direction of Professor Santi Debriano, who is also an accomplished recording artist popular within the Latin scene in New York City and Europe. Headlining the jazz festival is a 6:15 pm performance by internationally acclaimed jazz musician and composer Karl Berger and his quartet. Dr. Berger, who was recently appointed chairman of the UMass Dartmouth Music Department, is a six-time winner of the *Downbeat Magazine Critics Poll* as a jazz soloist. The fireworks will begin at approximately 7:45 pm.

### New Bedford Symphony

The New Bedford Symphony Orchestra, one of the oldest regional orchestras in America, opens its historic 90th anniversary season on October 2 with an Opening Night Black Tie Gala and Concert that features a world premiere, *Sea Portraits*, by noted American composer Stephen Paulus. *Sea Portraits* is a commission of the New Bedford Symphony Orchestra, with additional support from the City of New Bedford, the New Bedford Whaling Museum, and the UMass/Dartmouth, College of Visual and Performing Arts.

Led by music director Philip Rice, the opening night program also features the Dvorak cello concerto, with famed soloist Leslie Parnas, and Respighi's *Pines of Rome*. The performance takes place at the elegant Zeiterion Theatre on Purchase Street. In addition, there is a pre-concert reception and lecture by Mr. Paulus at the Whaling Museum, and post-concert gala at the Star Store Crapo Gallery adjacent to the Theatre. The City of New Bedford will host a tented Purchase Street Celebration

before and after the concert as well.

"We are all filled with a sense of optimism and anticipation for our 90th anniversary season," said NBSO President Thomas W. Hallam, II. "In our last two seasons subscriptions have tripled and attendance has doubled, and we expect more of the same this year. The fact that the City of New Bedford, the Whaling Museum, and the University are sharing in the excitement of this moment proves how much this Orchestra means to the community."

Laurie Bullard, NBSO CEO, added, "How exciting and satisfying it is to see such collaboration and such unprecedented growth — the professionalism of the NBSO and the community's response. This will be only the third time in its 90 years that the Orchestra has collaborated on a world premiere. The cultural bar has been definitely been raised for the greater South Coast."

Founded in 1915 by music educator Clarence Arey, the New Bedford Symphony Orchestra was one of the first regional orchestras in America. Noted soloists who have performed with the NBSO over the years include Nicholas Slonimsky, Joseph Silverstein, Misha Dichter, Lily Mindus Dumont, Russell Sherman, Elmar Oliveira, Dave Brubeck, Jean-Efflam Bavouzet, and Martin Chalifour. The Orchestra performs now under the baton of its eleventh music director, Philip Rice, whose musicianship and enthusiasm have taken the Orchestra to unprecedented levels of quality.

## OLD ROCHESTER REGIONAL SCHOOL DISTRICT MASSACHUSETTS SCHOOL SUPERINTENDENCY UNION 55 MARION – MATTAPOISETT – ROCHESTER NOTICE TO PARENTS

As you are probably well aware, our school districts were required by law to conduct a public bid solicitation in order to procure a provider for the school bus transportation needs of our students. Due to this process, the Towns of Mattapoisett and Rochester will find a new company - Braga Transportation – providing this important service. Marion students will still be serviced by Laidlaw Transit, Inc.

Since it was not until late July that all contracts were awarded to these companies the usual amount of time available to us to revise our school bus routes did not materialize. While we have done our best to update our routes given the changes to our student population since the last school year, we undoubtedly will have some errors and omissions in the bus routes advertised today.

If your child's stop is missing or if you identify a stop which is no longer needed due to graduation, a family moving, etcÖ please contact the Finance Office at (508)758-2772, extension 1944. Also, please access the Old Rochester Regional website at <http://www.orr.mec.edu> and follow the link to "bus routes" as we will be updating/correcting our routes on a continuous basis.

Your patience and understanding is greatly appreciated.

### AFTER-SCHOOL BUSES

Twice per week the Junior and Senior High Schools shall provide **3:30p.m.** after-school bus runs. These runs may vary during the week but will typically be on Tuesdays and Thursdays. Please note that after-school bus routes are based upon express service to specific stops in the respective towns. A student riding the after-school bus must select a stop that is no greater than 2 miles from his/her home. In some instances, this will require prior planning on the part of parents to pick up their child from these predetermined stops.

There will be **NO** late afternoon (5:00p.m.) bus runs due to budgetary constraints.

### VIDEO CAMERAS

The School Committee, after carefully considering the privacy rights of students and drivers and the district's duty to ensure discipline and protect the health, welfare and safety of staff and students on school transportation vehicles, has authorized the use of video cameras on its transportation vehicles when deemed necessary by school administration.

\*\*\*Please note that all routes (times and stop locations) are subject to change based upon changing enrollments and bus capacities.

# MOVIE REVIEW

## Sword Play

By Rob Gonsalves  
<http://robsreviews.cjb.net>

**Hero.** Starring Jet Li and Maggie Cheung. Directed by Zhang Yimou. Running time: 96 minutes. MPAA rating: PG-13.

Finally getting a stateside release after over a year of hype and fan rumblings, Zhang Yimou's *Hero* shares with *Crouching Tiger, Hidden Dragon* an artist's-eye view of essentially pulpy material. The basic plot — a nameless warrior (Jet Li) favors a king with accounts of his prowess in battle — could have been (and probably has been) a springboard for any number of fast, cheesy martial-arts flicks emphasizing ass-kicking over substance. But Yimou, like Ang Lee before him, attends to the story's deeper themes and draws out its rich potential as both cinema and poetry.

"Presented" in its Miramax release by Quentin Tarantino, who knows eye-popping Asian filmmaking when he sees it, *Hero* is the kind of movie in which the nameless protagonist, preparing to cross his sword with the spear of the legendary Sky (Donnie Yen), drops a few yen into an old koto master's basket and asks him to play some more music. In another film, the point would be the warrior's absolute cool in the face of combat. Here, it's just part of the overall tapestry of beauty. What keeps *Hero* from lapsing into artsy solemnity is that the hushed and meditative views of nature are organic to the virtuoso action scenes.

The aforementioned Sky is one of three adversaries who have been threatening the life of the king (Chen Daoming) for a decade; the others are the calligrapher/assassin couple Broken Sword (Tony Leung) and Flying Snow (Maggie Cheung). The warrior has apparently vanquished them, earning the right to sit within twenty paces of the rather paranoid king. The story's structure is odd by modern standards — all the action unfolds in flashbacks — yet will be familiar to anyone with even a passing interest in Eastern literature, where men often sit around and tell stories. *Hero* is indebted on some level to Akira Kurosawa's masterpiece *Rashomon*, which told the same story from four different viewpoints. The king, who is perhaps wise to be paranoid, suspects that there's more to the story than the warrior lets on.

*Hero* is better experienced than discussed — and better seen two or more times. I saw it on an import DVD a month or so ago, and it's a more ravishing and visceral movie the second time around, when you know the film's tangle of loyalties and plots. Christopher Doyle's sumptuous photography joins forces with the soothing music by Tan Dun (who also scored *Crouching Tiger*) to create a landscape of triumph and tragedy. In this heightened atmosphere, it's perfectly acceptable when the warrior and Broken Sword skim lightly across a lake, sinking their swords into the water to keep themselves aloft, or when Flying Snow faces off against Broken Sword's protégé Moon (Zhang Ziyi) in a forest dominated by yellow leaves that become weapons and, later, indicators of defeat. *Hero* is a classic tall tale, a fable told around the fire.

Jet Li certainly has presence as a martial-arts master, but when the camera moves in for a close-up, not a lot is going on; his impassive face looks like nothing so much as Michael Myers' mask in *Halloween*, and he has a rather unfortunate speaking voice. He has been cast as the film's stoic death-dealer, though, and most of the heavy-duty emoting is placed in the able hands of the actors Yimou has surrounded Li with. Cheung and Leung make fine godlike starcrossed lovers, and Zhang Ziyi, as in *Crouching Tiger*, is a vivid hellcat driven more by passion than strategy. What, if anything, does the warrior feel about his mission? We're given a backstory, which feels a bit rote, as if required by the classical plot. *Hero*, an eminently Chinese story, concerns itself more with mastery and honor than with the unpredictable urges of a few fallible humans. It deals most often in wordless poetry — lovers joined forever by steel; the mood-setting color scheme of each version of the tale — and lets us fill in the rest.

## INNER VIEWS

# Rock and Poll All Night

By Kenneth J. Souza  
news@wanderer.com

Given his well-known obsession with playing golf, I think veteran shock rocker **Alice Cooper** would appreciate my characterizing his recent comments to the Canadian Press as a long-overdue "hole in one." Although I might argue that his calling fellow rockers "treasonous morons" for supporting Democratic presidential candidate John Kerry (D-Massachusetts) was a tad strong and overstated, I wholeheartedly agree with his general assessment that fans in general and rock-and-roll fans in particular really don't care who Bruce Springsteen or John Mellencamp are supporting for President — and rightly so. I mean, it's already bad enough that the thin line between *entertainment* and *journalism* is eroding faster than the anticipated box-office take for Ben Affleck's next film ... so why do we need to get our politic agendas spoon-fed to us by the likes of R.E.M. and Dave Matthews?

"Rock is the antithesis of politics," Mr. Cooper told a Canadian journalist last week. "Rock should never be in bed with politics. If you're listening to a rock star in order to get your information on who to vote for, you're a bigger moron than they are. Why are we rock stars? Because we're *morons*. We sleep all day, we play music at night, and very rarely do we sit around reading *The Washington Journal*."

As a man who spends a lot of time around pythons and boa constrictors, Cooper is certainly qualified to identify a snake in the grass when he sees one.

Now I happen to be a longtime fan of one Vincent Damon Furnier (a/k/a Alice Cooper), but I'm an equal fan of people like Bruce Springsteen, John Mellencamp, R.E.M., James Taylor, and Sheryl Crow — all of whom are committed to performing in a series of "Vote for Change" concerts whose message is clearly pro-Kerry and anti-Bush and whose objective is to oust the sitting Commander-in-Chief. But I really have to side with Alice that the whole idea of rock-and-roll — a music borne and bred of rebellion and anti-establishment sentiment — seems misguided and misplaced, to say the least.

"When I was a kid and my parents started talking about politics, I'd run to my room and put on the Rolling Stones as loud as I could," Cooper said. "So when I see all these rock stars up there talking politics, it makes me sick."

Even though the 56-year-old Cooper is reportedly a strong Republican, he maintains that campaigning from the stage just doesn't jibe with the spirit of rock-and-roll. "People shouldn't vote for a presidential candidate just

because a rock star says so ... whether it's Bruce Springsteen or Alice Cooper," he said.

That's not to say rock should be devoid of political or social commentary, either — songwriters like Bob Dylan, John Lennon, and Pete Townshend have already paved the way with great work that is as entertaining as it is intelligent and socially aware. But I think Cooper's point is well-taken that using the rock-and-roll genre or one's "rock star" status is akin to selling out ... something no respectable rock band or artist would ever want to do.

Don't think Alice is a lone voice crying in the wilderness, either.

When filmmaker Michael Moore requested permission to use The Who's classic "Won't Get Fooled Again" in his controversial documentary *Fahrenheit 9/11*, songwriter Pete Townshend respectfully declined, saying he didn't want the song to be associated with one specific political point-of-view. It is, after all, the quintessential rebellious anthem — a song which rages against the machine of big government and ends up celebrating the option to "pick up my guitar and play" instead of getting drawn into either "the new constitution" or "new revolution."

Ironically enough, that same classic rock masterpiece also complains about "the new boss" as being the "same as the old boss." In the case of "Vote for Change" ring-leader Bruce "The Boss" Springsteen, I know I prefer the "old boss" who sang poignant political *songs* to the "new boss" who's apparently on a mission to somehow affect political *change*.

## SALOME'S STARS

**ARIES** (March 21 to April 19) Be careful not to allow the backers of a new financial "deal" to pull the wool over the Lamb's eyes. It could hold fewer plusses and more negatives than you were first led to believe.

**TAURUS** (April 20 to May 20) It's a good idea to finish all incomplete tasks so that you can devote your attention to next week's projects. The weekend could hold surprises for romantic Fernandas and Ferdinands.

**GEMINI** (May 21 to June 20) A workplace suggestion you made a while ago that you might have forgotten could come back with a request to turn it from idea to reality. Your social life picks up considerably this weekend.

**CANCER** (June 21 to July 22) Someone from the past could return with an intriguing opportunity for a future project. Check into it, by all means. But don't neglect your current responsibilities in the meantime.

**LEO** (July 23 to August 22) Keeping your claws sheathed and using good humor instead to counter someone who's bad-mouthing the Big Cat isn't easy. But it's the best way to avoid more problems down the line.

**VIRGO** (August 23 to September 22) A workplace situation could improve if you're less critical and more supportive of those who are, after all, trying to do their best. Let them know you're there to help when necessary.

**LIBRA** (September 23 to October 22) A new job offer might not carry all the benefits you're seeking. Make sure you know what you're entitled to, what is off the table and what is negotiable before you make a decision.

**SCORPIO** (October 23 to November 21) A social obligation you would rather get out of could hold some surprisingly positive aspects. Why not go and see for yourself? A family member makes a curious request.

**SAGITTARIUS** (November 22 to December 21) Before tackling that new project awaiting you at home or on the job, take time out for some much-deserved pampering to help lift your spirits and restore your energy levels.

**CAPRICORN** (December 22 to January 19) Your social calendar begins to fill up more quickly than you expected. And that's great. You deserve to enjoy some good fun after so much time spent on serious matters.

**AQUARIUS** (January 20 to February 18) A domestic situation continues to improve, thanks to all the tender, loving concern you've shown. A colleague makes a questionable move that you might want to check out sooner rather than later.

**PISCES** (February 19 to March 20) A sudden turn in a romantic relationship calls for both a rational and passionate response. Keep the love level high, but also find out why the problem arose in the first place.

**BORN THIS WEEK:** You often set high standards for others. But to your credit, you set the same expectations for yourself.

Mattapoisett on Tuesday, September 14, 2004. Registration is from 6:30 to 7:30 pm and the course begins at 7:30 pm.

All boaters must follow the same nautical rules and regulations, and courtesies of the sea, and all are subject to the same forces of nature while boating. As boating is often a family activity, the course is of value to all members of a boating family. The power squadron encourages families to attend as groups. Massachusetts requires that all boaters under the age of 16 pass an approved boating course to operate a motor boat of any horse power. This course provides instruction and examination for laws and regulations for Massachusetts and, if required, can include Rhode Island regulations.

The Boating Course familiarizes the student with the fundamentals of safe boating and is accredited by the National Association of State Boating Law Administrators to qualify for certification in those states that require boating education before operating a watercraft. Subjects include: boat handling under normal conditions; adverse conditions and emergencies; types of boats and boating terminology; required and recommended equipment; boating regulations and navigation rules; lines and knots; aids to navigation; marine radiotelephone and VHF radio usage; and trailer boating.

The course cost of \$40 per student covers the text, materials and all overhead costs. There is no cost for instruction. The Squadron Boating Course student manual is the basic text for the course. It will also serve as
